

Policy

LESSON PLANS

All teachers are required to maintain and use an updated curriculum guide for preparation of lesson plans for each subject taught. The curriculum guide shall be based on the Common Core State Standards in mathematics and language arts and literacy and the Core Curriculum Content Standard. Lesson plans must include objectives which specify what students should know, or be able to do, at the completion of that lesson. Multiple forms of assessment measures should be included. Lesson plans shall also be required to be culturally responsive and to accommodate for differing learning needs.

Lesson plans should be prepared in enough detail with enough clarity to enable a substitute teacher to carry on the program during the absence of a teacher.

When the teacher plans to use materials not included in the curriculum guide, he/she should list these materials in the lesson plan.

The building principal shall check lesson plans on a regular basis and provide the teacher with the appropriate feedback as needed.
